# LINESTOP SERVICES

## DP LINESTOP 24" 600# WITH TEMPORARY BYPASS

## LS IN STEEL & POLYETHYLENE DISTRIBUTION LINES

## LINESTOP SERVICE 16" 600#

# SERVICES. RELIABILITY & EXPERIENCE

HT & LS technicians with an average experience of more than 10 years

Extensive experience & training:

Gas Distribution

Gas Transmission

Refineries & Chemical plants

Thermosolar Power plants

Off-shore

Oil, .....

Large stock and availability of equipment

Customer support for projects design

Huge capability to supply spare parts, accessories and fittings

# HOT-TAP & LINESTOP EQUIPMENT

Tecpesa designs and manufactures its own equipment and fittings. Tecpesa equipment is compatible with the fittings produced by large manufacturers.

Our engineering team advises about use and application of equipment.

DIAMETER RANGE : ½" to 72"

PRESSURE RANGE: 150# - 900#

TEMPERATURE RANGE: -20 to 200°C

FLUIDS: Gas, Water, Steam, Diesel-Oil, Hot-Oil ...
